Dear Mr. Amory:

We would like very much to have [redacted] talk to the African Area group of our Training Program for International Business Executives on "Soviet Bloc Policies in Africa".

STATINTL

The Training Program is sponsored by the Business Council for International Understanding which has the co-operation of U.S. governmental agencies and your own Paul Chretien briefs our Sessions regularly.

If possible, we would like to schedule [redacted] lecture for Wednesday, November 23 at 8:30 a.m. and would appreciate a biographical sketch and a brief outline of his talk in advance so that it can be duplicated here. We should meet in my office Room 101, Mary Graydon Center, Uptown Campus of the American University (Mass. and Nebraska Avenues) about 15 minutes before class time.

STATINTL

As soon as we have the final 8th Session roster of participants I will send you and Mr. Dreyer a copy and also a complete schedule of the Africa Area Course.

Sincerely,

Otto Schaler
